

## **June 12, 2024 (Day 3):**

Introduction to CSS - Styling Basics

- Topics Covered:

- Understanding CSS syntax: selectors, properties, and values.
- Styling text (font-family, color, size, line-height).
- Using background colors, borders, padding, and margin.

- Project Work:

Styled the homepage of the portfolio. Added background color, changed font styles, added spacing between sections, and styled the navigation menu.
